Introduction

We are pleased to provide you with this Summary Plan Description (SPD). This SPD describes your Benefits, as well as your rights and responsibilities, under the Plan.

How to Use this Document

We encourage you to read your SPD and any attached Riders and/or Amendments carefully.

We especially encourage you to review the Benefit limitations of this SPD by reading (Section 1: What's Covered--Benefits) and (Section 2: What's Not Covered--Exclusions). You should also carefully read (Section 9: General Legal Provisions) to better understand how this SPD and your Benefits work. You should call the Claims Administrator if you have questions about the limits of the coverage available to you.

Many of the sections of the SPD are related to other sections of the document. You may not have all of the information you need by reading just one section. We also encourage you to keep your SPD and any attachments in a safe place for your future reference.

Please be aware that your Physician does not have a copy of your SPD and is not responsible for knowing or communicating your Benefits.

To continue reading, go to right column on this page.

Information about Defined Terms

Because this SPD is a legal document, we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in (Section 10: Glossary of Defined Terms). You can refer to Section 10 as you read this document to have a clearer understanding of your SPD.

When we use the words "we", "us", and "our" in this document, we are referring to the Plan Sponsor. When we use the words "you" and "your" we are referring to people who are Covered Persons as the term is defined in (Section 10: Glossary of Defined Terms).

Your Contribution to the Benefit Costs

The Plan may require the Participant to contribute to the cost of coverage. Contact your benefits representative for information about any part of this cost you may be responsible for paying.

Section 1: What's Covered--Benefits

This section provides you with information about:

- Accessing Benefits.
- Copayments and Eligible Expenses.
- Annual Deductible, Out-of-Pocket Maximum and Maximum Plan Benefit.
- Covered Health Services. We pay Benefits for the Covered Health Services described in this section unless they are listed as not covered in (Section 2: What's Not Covered--Exclusions).
- Covered Health Services that require you to notify the Claims Administrator before you receive them.

Accessing Benefits

You can choose to receive Benefits from any Physician or provider.

The Claims Administrator arranges for health care providers to participate in a Network. Depending on the geographic area, you may have access to Network providers. These providers have agreed to discount their charges for Covered Health Services. If you receive Covered Health Services from a Network provider, your Copayment level will remain the same. However, the portion that you owe may be less than if you received services from a non-Network provider because the Eligible Expense may be a lesser amount.

To continue reading, go to right column on this page.

You should show your identification card (ID card) every time you request health care services so that the provider will know that you are enrolled under the Plan.

Benefits are available only if all of the following are true:

- Covered Health Services are received while the Plan is in effect.
- Covered Health Services are received prior to the date that any of the individual termination conditions listed in (Section 8: When Coverage Ends) occurs.
- The person who receives Covered Health Services is a Covered Person and meets all eligibility requirements specified in the Plan.

Depending on the geographic area and the service you receive, you may have access through the Claims Administrator's Shared Savings Program to non-Network providers who have agreed to discount their charges for Covered Health Services. If you receive Covered Health Services from these providers, and if your Copayment is expressed as a percentage of Eligible Expenses, that percentage will remain the same as it is when you receive Covered Health Services from non-Network providers who have not agreed to discount their charges; however, the total that you owe may be less when you receive Covered Health Services from Shared Savings Program providers than from other non-Network providers, because the Eligible Expenses may be a lesser amount.

Copayment

Copayment is the amount you pay each time you receive certain Covered Health Services. For a complete definition of Copayment, see (Section 10: Glossary of Defined Terms). Copayment amounts are listed on the following pages next to the description for each Covered Health Service. Please note that when Copayments are

To continue reading, go to left column on next page.

calculated as a percentage (rather than as a set dollar amount) the percentage is based on Eligible Expenses.

Eligible Expenses

Eligible Expenses for Covered Health Services, incurred while the Plan is in effect, are determined by us or by our designee. In almost all cases, our designee is the Claims Administrator. For a complete definition of Eligible Expenses that describes how we determine payment, see (Section 10: Glossary of Defined Terms).

We have delegated to the Claims Administrator the discretion and authority to initially determine on our behalf whether a treatment or supply is a Covered Health Service and how the Eligible Expense will be determined and otherwise covered under the Plan.

For Covered Health Services from Network providers, you are not responsible for any difference between the Eligible Expenses and the amount the provider bills. For Covered Health Services from non-Network providers, you are responsible for paying, directly to the provider, any difference between the amount the provider bills you and the amount we will pay for Eligible Expenses.

Notification Requirements

Prior notification is required before you receive certain Covered Health Services. You are responsible for notifying the Claims Administrator before you receive these Covered Health Services.

Services for which you must provide prior notification appear in this section under the *Must You Notify the Claims Administrator?* column in the table labeled *Benefit Information*.

To notify the Claims Administrator, call the telephone number on your ID card.

To continue reading, go to right column on this page.

We urge you to confirm with the Claims Administrator that the services you plan to receive are Covered Health Services, even if not indicated in the *Must You Notify the Claims Administrator?* column. That's because in some instances, certain procedures may not meet the definition of a Covered Health Service and therefore are excluded. In other instances, the same procedure may meet the definition of Covered Health Services. By calling before you receive treatment, you can check to see if the service is subject to limitations or exclusions such as:

- The Cosmetic Procedures exclusion. Examples of procedures that may or may not be considered Cosmetic include: breast reduction and reconstruction (except for after cancer surgery when it is always considered a Covered Health Service); vein stripping, ligation and sclerotherapy, and upper lid blepharoplasty.
- The Experimental, Investigational or Unproven Services exclusion.
- Any other limitation or exclusion of the Plan.

Special Note Regarding Medicare

If you are enrolled for Medicare on a primary basis (Medicare pays before we pay Benefits under the Plan), the notification requirements described in this SPD do not apply to you. Since Medicare is the primary payer, we will pay as secondary payer as described in (Section 7: Coordination of Benefits). You are not required to notify the Claims Administrator before receiving Covered Health Services.

To continue reading, go to left column on next page.

A Covered Person can show the Employer the length of Continuous Creditable Coverage in order to either shorten or eliminate the time period during which the preexisting condition exclusion applies. Any or all of the plans that provided prior coverage must give the Covered Person a certificate of creditable coverage. Section 3: Obtaining Benefits

This section includes information about:

- Benefits for Covered Health Services.
- Your responsibility for notification.
- Emergency Health Services.

Benefits for Covered Health Services

Benefits are payable for Covered Health Services that are provided by or under the direction of a Physician or other provider.

Please note that Mental Health and Substance Abuse Services must be authorized by the Mental Health/Substance Abuse Designee. Please see (Section 1: What's Covered--Benefits) under the heading for *Mental Health and Substance Abuse*.

If You Obtain Services from a Network Provider

The Claims Administrator arranges for health care providers to participate in a Network. These Network providers have agreed to discount their charges for Covered Health Services.

If you use a Network provider, your Copayment amount will generally be less than it would be if you use a non-Network provider. The Copayment level will remain the same, but because the total amount of Eligible Expenses may be less when you use a Network provider, the portion that you owe will be less.

To continue reading, go to right column on this page.

Network providers are independent practitioners. They are not our employees or employees of the Claims Administrator. It is your responsibility to select your provider.

The credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

You will be given a directory of Network providers. However, before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling the Claims Administrator.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients.

Do not assume that a Network provider's agreement includes all Covered Health Services. Some Network providers contract to provide only certain Covered Health Services, but not all Covered Health Services. Some Network providers choose to be a Network provider for only some products. Refer to your provider directory or contact the Claims Administrator for assistance.

Depending on the geographic area and the service you receive, you may have access through the Claim's Administrator's Shared Savings Program to non-Network providers who have agreed to discount their charges for Covered Health Services. If you receive Covered Health Services from these providers, and if your Copayment is expressed as a percentage of Eligible Expenses, that percentage will remain the same as it is when you receive Covered Health Services from non-Network providers who have not agreed to discount their charges; however, the total that you owe may be less when you receive Covered Health Services from Shared Savings Program

providers than from other non-Network providers, because the Eligible Expense may be a lesser amount.

Designated Facilities and Other Providers

If you have a medical condition that the Claims Administrator believes needs special services, they may direct you to a Designated Facility or other provider chosen by them.

In this case, Benefits will only be paid if your Covered Health Services for that condition are provided by or arranged by the Designated Facility or other provider chosen by the Claims Administrator.

Your Responsibility for Notification

You must notify the Claims Administrator before getting certain Covered Health Services. The details are shown in the *Must You Notify the Claims Administrator?* column in (Section 1: What's Covered--Benefits). If you fail to notify the Claims Administrator, Benefits are reduced or denied.

Prior notification does not mean Benefits are payable in all cases. Coverage depends on the Covered Health Services that are actually given, your eligibility status, and any benefit limitations.

Care CoordinationSM

When you notify the Claims Administrator as described above, they will work to implement the Care CoordinationSM process and to provide you with information about additional services that are available to you, such as disease management programs, health education, pre-admission counseling and patient advocacy.

To continue reading, go to right column on this page.

Emergency Health Services

We provide Benefits for Emergency Health Services when required for stabilization and initiation of treatment as provided by or under the direction of a Physician.

If you are confined in a Hospital after you receive Emergency Health Services, the Claims Administrator must be notified within one business day or on the same day of admission if reasonably possible.

If You Are Eligible for Medicare

Your Benefits under the Plan may be reduced if you are eligible for Medicare but do not enroll in and maintain coverage under both Medicare Part A and Part B.

Your Benefits under the Plan may also be reduced if you are enrolled in a Medicare Advantage (Medicare Part C) plan but fail to follow the rules of that plan. Please see *Medicare Eligibility* in (Section 9: General Legal Provisions) for more information about how Medicare may affect your Benefits.

Who is Eligible for Coverage

Who	Description	Who Determines Eligibility
Eligible Person	<p>Eligible Person usually refers to an employee of ours who meets the eligibility rules. When an Eligible Person actually enrolls, we refer to that person as a Participant. For a complete definition of Eligible Person and Participant, see (Section 10: Glossary of Defined Terms).</p> <p>If both spouses are Eligible Persons under the Plan, each may enroll as a Participant or be covered as an Enrolled Dependent of the other, but not both.</p> <p>Except as we have described in (Section 4: When Coverage Begins), Eligible Persons may not enroll.</p>	<p>We determine who is eligible to enroll under the Plan.</p>
Dependent	<p>Dependent generally refers to the Participant's spouse and children. When a Dependent actually enrolls, we refer to that person as an Enrolled Dependent. For a complete definition of Dependent and Enrolled Dependent, see (Section 10: Glossary of Defined Terms).</p> <p>Dependents of an Eligible Person may not enroll unless the Eligible Person is also covered under the Plan.</p> <p>If both parents of a Dependent child are enrolled as a Participant, only one parent may enroll the child as a Dependent.</p> <p>Except as we have described in (Section 4: When Coverage Begins), Dependents may not enroll.</p>	<p>We determine who qualifies as a Dependent.</p>

Special Enrollment Period

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period. A special enrollment period is not available to an Eligible Person and his or her Dependents if coverage under the prior plan was terminated for cause, or because premiums were not paid on a timely basis.

An Eligible Person and/or Dependent does not need to elect COBRA continuation coverage to preserve special enrollment rights. Special enrollment is available to an Eligible Person and/or Dependent even if COBRA is elected.

A special enrollment period applies to an Eligible Person and any Dependents when one of the following events occurs:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.

A special enrollment period applies for an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period if the following are true:

- The Eligible Person and/or Dependent had existing health coverage under another plan at the time they had an opportunity to enroll during the Initial Enrollment Period or Open Enrollment Period; and
- Coverage under the prior plan ended because of any of the following:
 - Loss of eligibility (including, without limitation, legal separation, divorce or death).
 - The employer stopped paying the contributions. This is true even if the Eligible Person and/or Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer.
 - In the case of COBRA continuation

- The Eligible Person and/or Dependent no longer lives or works in an HMO service area if no other benefit option is available.
- The Plan no longer offers benefits to a class of individuals that include the Eligible Person and/or Dependent.
- An Eligible Person and/or Dependent incurs a claim that would exceed a lifetime limit on all benefits.

Section 5: How to File a Claim

This section provides you with information about:

- How and when to file a claim.
- If you receive Covered Health Services from a Network provider, you do not have to file a claim. We pay these providers directly.
- If you receive Covered Health Services from a non-Network provider, you are responsible for filing a claim.

If You Receive Covered Health Services from a Network Provider

We pay Network providers directly for your Covered Health Services. If a Network provider bills you for any Covered Health Service, contact the Claims Administrator. However, you are responsible for meeting the Annual Deductible and for paying Copayments to a Network provider at the time of service, or when you receive a bill from the provider.

Filing a Claim for Benefits

When you receive Covered Health Services from a non-Network provider, you are responsible for requesting payment from us through the Claims Administrator. You must file the claim in a

format that contains all of the information required, as described below.

You must submit a request for payment of Benefits within 90 days after the date of service. If you don't provide this information to the Claims Administrator within one year of the date of service, Benefits for that health service will be denied or reduced, in our or the Claims Administrator's discretion. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Required Information

When you request payment of Benefits from us, you must provide all of the following information:

- A. Participant's name and address.
- B. The patient's name, age and relationship to the Participant.
- C. The member number stated on your ID card.
- D. An itemized bill from your provider that includes the following:
 - Patient diagnosis
 - Date of service
 - Procedure code(s) and description of service(s) rendered
 - Provider of service (Name, Address and Tax Identification Number)
- E. The date the Injury or Sickness began.
- F. A statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

Payment of Benefits

Through the Claims Administrator, we will make a benefit determination as set forth below.

You may not assign your Benefits under the Plan to a non-Network provider without our consent. The Claims Administrator may, however, in their discretion, pay a non-Network provider directly for services rendered to you.

The Claims Administrator will notify you if additional information is needed to process the claim. The Claims Administrator may request a one time extension not longer than 15 days and will pend your claim until all information is received. Once you are notified of the extension or missing information, you then have at least 45 days to provide this information.

Benefit Determinations

Post-Service Claims

Post-Service Claims are those claims that are filed for payment of benefits after medical care has been received. If your post-service claim is denied, you will receive a written notice from the Claims Administrator within 30 days of receipt of the claim, as long as all needed information was provided with the claim. The Claims Administrator will notify you within this 30-day period if additional information is needed to process the claim, and may request a one time extension not longer than 15 days and pend your claim until all information is received.

Once notified of the extension you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame and the claim is denied, the Claims Administrator will notify you of the denial within 15 days after the information is

received. If you don't provide the needed information within the 45-day period, your claim will be denied.

A denial notice will explain the reason for denial, refer to the part of the Plan on which the denial is based, and provide the claim appeal procedures.

Pre-Service Requests for Benefits

Pre-service requests for Benefits are those requests that require notification or approval prior to receiving medical care. If you have a pre-service request for Benefits, and it was submitted properly with all needed information, you will receive written notice of the decision from the Claims Administrator within 15 days of receipt of the request. If you filed a pre-service request for Benefits improperly, the Claims Administrator will notify you of the improper filing and how to correct it within 5 days after the pre-service request for Benefits was received. If additional information is needed to process the pre-service request, the Claims Administrator will notify you of the information needed within 15 days after it was received, and may request a one time extension not longer than 15 days and pend your request until all information is received. Once notified of the extension you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, the Claims Administrator will notify you of the determination within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your request for Benefits will be denied. A denial notice will explain the reason for denial, refer to the part of the Plan on which the denial is based, and provide the appeal procedures.

Urgent Requests for Benefits that Require Immediate Action

Urgent requests for Benefits are those that require notification or approval prior to receiving medical care, where a delay in treatment could seriously jeopardize your life or health or the ability to regain maximum function or, in the opinion of a Physician with knowledge of your medical condition could cause severe pain. In these situations:

- You will receive notice of the benefit determination in writing or electronically within 72 hours after the Claims Administrator receives all necessary information, taking into account the seriousness of your condition.
- Notice of denial may be oral with a written or electronic confirmation to follow within 3 days.

If you filed an urgent request for Benefits improperly, the Claims Administrator will notify you of the improper filing and how to correct it within 24 hours after the urgent request was received. If additional information is needed to process the request, the Claims Administrator will notify you of the information needed within 24 hours after the request was received. You then have 48 hours to provide the requested information.

You will be notified of a determination no later than 48 hours after:

- The Claims Administrator's receipt of the requested information; or
- The end of the 48-hour period within which you were to provide the additional information, if the information is not received within that time.

To continue reading, go to right column on this page.

A denial notice will explain the reason for denial, refer to the part of the Plan on which the denial is based, and provide the appeal procedures.

Concurrent Care Claims

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. The Claims Administrator will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Section 6: Questions, Complaints and Appeals

This section provides you with information to help you with the following:

- You have a question or concern about Covered Health Services or your Benefits.
- You have a complaint.
- How to handle an appeal that requires immediate action.
- You are notified that a claim has been denied because it has been determined that a service or supply is excluded under the Plan and you wish to appeal such determination.

To resolve a question or appeal, just follow these steps:

What to Do First

If your question or concern is about a benefit determination, you may informally contact Customer Service before requesting a formal appeal. If the Customer Service representative cannot resolve the issue to your satisfaction over the phone, you may submit your question in writing. However, if you are not satisfied with a benefit determination as described in (Section 5: How to File a Claim) you

may appeal it as described below, without first informally contacting Customer Service. If you first informally contact Customer Service and later wish to request a formal appeal in writing, you should contact Customer Service and request an appeal. If you request a formal appeal, a Customer Service representative will provide you with the appropriate address of the Claims Administrator.

If you are appealing an urgent care claim denial, please refer to the "Urgent Appeals that Require Immediate Action" section below and contact Customer Service immediately.

The Customer Service telephone number is shown on your ID card. Customer Service representatives are available to take your call.

How to Appeal a Claim Decision

If you disagree with a pre-service request for Benefits determination or post-service claim determination after following the above steps, you can contact the Claims Administrator in writing to formally request an appeal.

Your request should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to the Claims Administrator within 180 days after you receive the claim denial.

To continue reading, go to left column on next page.

Appeal Process

A qualified individual who was not involved in the decision being appealed will be appointed to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with appropriate expertise in the field who was not involved in the prior determination. The Claims Administrator (first level appeals) and the Plan Administrator (second level appeals) may consult with, or seek the participation of, medical experts as part of the appeal resolution process. You consent to this referral and the sharing of pertinent medical claim information. Upon your request and free of charge, you have the right to reasonable access to (including copies of) all documents, records, and other information relevant to your claim for Benefits.

Appeals Determinations

Pre-Service Requests for Benefits and Post-Service Claim Appeals

You will be provided written or electronic notification of decision on your appeal as follows:

For appeals of pre-service requests for Benefits as defined in (Section 5: How to File a Claim), the first level appeal will be conducted and you will be notified by the Claims Administrator of the decision within 15 days from receipt of a request for appeal of a denied request for Benefits. The second level appeal will be conducted and you will be notified by us of the decision within 15 days from receipt of a request for review of the first level appeal decision.

For appeals of post-service claims as defined in (Section 5: How to File a Claim), the first level appeal will be conducted and you will be notified by the Claims Administrator of the decision within 30 days from receipt of a request for appeal of a denied claim. The second

level appeal will be conducted and you will be notified by us of the decision within 30 days from receipt of a request for review of the first level appeal decision.

For procedures associated with urgent requests for Benefits, see "Urgent Appeals that Require Immediate Action" below.

If you are not satisfied with the first level appeal decision of the Claims Administrator, you have the right to request a second level appeal from us as the Plan Administrator. Your second level appeal request must be submitted to us in writing within 60 days from receipt of the first level appeal decision.

The Plan Administrator has the exclusive right to interpret and administer the Plan, and these decisions are conclusive and binding.

Please note that our decision is based only on whether or not Benefits are available under the Plan for the proposed treatment or procedure. The determination as to whether the pending health service is necessary or appropriate is between you and your Physician.

Urgent Appeals that Require Immediate Action

Your appeal may require immediate action if a delay in treatment could significantly increase the risk to your health or the ability to regain maximum function or cause severe pain. In these urgent situations:

The appeal does not need to be submitted in writing. You or your Physician should call the Claims Administrator as soon as possible. The Claims Administrator will provide you with a written or electronic determination within 72 hours following receipt by the

Section 7: Coordination of Benefits

This section provides you with information about:

- What you need to know when you have coverage under more than one plan.
- Definitions specific to Coordination of Benefit rules.
- Order of payment rules.

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Plan will be coordinated with those of any other plan that provides benefits to you.

When Coordination of Benefits Applies

This coordination of benefits (COB) provision applies when a person has health care coverage under more than one benefit plan.

The order of benefit determination rules described in this section determine which Coverage Plan will pay as the Primary Coverage Plan. The Primary Coverage Plan that pays first pays without regard to the possibility that another Coverage Plan may cover some expenses. A Secondary Coverage Plan pays after the Primary Coverage Plan and may reduce the benefits it pays.

To continue reading, go to right column on this page.

Definitions

For purposes of this section, terms are defined as follows:

1. "Coverage Plan" is any of the following that provides benefits or services for medical or dental care or treatment. However, if separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Coverage Plan and there is no COB among those separate contracts.
 - a. "Coverage Plan" includes: group insurance, closed panel or other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long-term care contracts, such as skilled nursing care; medical, no-fault, or personal injury protection (PIP) benefits under group or individual automobile contracts; medical benefits coverage under homeowner's insurance; and Medicare or other governmental benefits, as permitted by law.
 - b. "Coverage Plan" does not include: individual or family insurance; closed panel or other individual coverage (except for group-type coverage); school accident type coverage; benefits for non-medical components of group long-term care policies; Medicare supplement policies, Medicaid policies and coverage under other governmental plans, unless permitted by law.

Each contract for coverage under a. or b. above is a separate Coverage Plan. If a Coverage Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Coverage Plan.

2. The order of benefit determination rules determine whether this Coverage Plan is a "Primary Coverage Plan" or "Secondary

To continue reading, go to left column on next page.

Coverage Plan" when compared to another Coverage Plan covering the person.

When this Coverage Plan is primary, its benefits are determined before those of any other Coverage Plan and without considering any other Coverage Plan's benefits. When this Coverage Plan is secondary, its benefits are determined after those of another Coverage Plan and may be reduced because of the Primary Coverage Plan's benefits.

3. "Allowable Expense" means a health care service or expense, including deductibles and copayments, that is covered at least in part by any of the Coverage Plans covering the person. When a Coverage Plan provides benefits in the form of services, (for example an HMO) the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense or service that is not covered by any of the Coverage Plans is not an Allowable Expense. Dental care, routine vision care, outpatient prescription drugs, and hearing aids are examples of expenses or services that are not Allowable Expenses under the Plan. The following are additional examples of expenses or services that are not Allowable Expenses:
 - a. If a Covered Person is confined in a private Hospital room, the difference between the cost of a Semi-private Room in the Hospital and the private room, (unless the patient's stay in a private Hospital room is medically necessary in terms of generally accepted medical practice, or one of the Coverage Plans routinely provides coverage for Hospital private rooms) is not an Allowable Expense.
 - b. If a person is covered by two or more Coverage Plans that compute their benefit payments on the basis of usual and customary fees, any amount in excess of the highest of the usual and customary fees for a specific benefit is not an Allowable Expense.

- c. If a person is covered by two or more Coverage Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
 - d. If a person is covered by one Coverage Plan that calculates its benefits or services on the basis of usual and customary fees and another Coverage Plan that provides its benefits or services on the basis of negotiated fees, the Primary Coverage Plan's payment arrangements shall be the Allowable Expense for all Coverage Plans.
 - e. The amount a benefit is reduced by the Primary Coverage Plan because a Covered Person does not comply with the Coverage Plan provisions. Examples of these provisions are second surgical opinions, precertification of admissions, and preferred provider arrangements.
4. "Closed Panel Plan" is a Coverage Plan that provides health benefits to Covered Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Coverage Plan, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.
 5. "Custodial Parent" means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

Order of Benefit Determination Rules

When two or more Coverage Plans pay benefits, the rules for determining the order of payment are as follows:

- A. The Primary Coverage Plan pays or provides its benefits as if the Secondary Coverage Plan or Coverage Plans did not exist.

To continue reading, go to left column on next page.

- B. A Coverage Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the Coverage Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base Coverage Plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel Coverage Plan to provide out-of-network benefits.
- C. A Coverage Plan may consider the benefits paid or provided by another Coverage Plan in determining its benefits only when it is secondary to that other Coverage Plan.
- D. The first of the following rules that describes which Coverage Plan pays its benefits before another Coverage Plan is the rule to use.
1. Non-Dependent or Dependent. The Coverage Plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is primary and the Coverage Plan that covers the person as a dependent is secondary. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Coverage Plan covering the person as a dependent; and primary to the Coverage Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Coverage Plans is reversed so that the Coverage Plan covering the person as an employee, member, subscriber or retiree is secondary and the other Coverage Plan is primary.
 2. Child Covered Under More Than One Coverage Plan. The order of benefits when a child is covered by more than one Coverage Plan is:

To continue reading, go to right column on this page.

- a. The Primary Coverage Plan is the Coverage Plan of the parent whose birthday is earlier in the year if:
 - 1) The parents are married;
 - 2) The parents are not separated (whether or not they ever have been married); or
 - 3) A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage.

If both parents have the same birthday, the Coverage Plan that covered either of the parents longer is primary.
- b. If the specific terms of a court decree state that one of the parents is responsible for the child's health care expenses or health care coverage and the Coverage Plan of that parent has actual knowledge of those terms, that Coverage Plan is primary. This rule applies to claim determination periods or plan years commencing after the Coverage Plan is given notice of the court decree.
- c. If the parents are not married, or are separated (whether or not they ever have been married) or are divorced, the order of benefits is:
 - 1) The Coverage Plan of the custodial parent;
 - 2) The Coverage Plan of the spouse of the custodial parent;
 - 3) The Coverage Plan of the noncustodial parent; and then
 - 4) The Coverage Plan of the spouse of the noncustodial parent.
3. Active or inactive employee. The Coverage Plan that covers a person as an employee who is neither laid off nor retired is primary. The same would hold true if a person is a dependent of a person covered as a retiree and an employee. If the other Coverage Plan does not have this rule, and if, as a result, the

To continue reading, go to left column on next page.

Coverage Plans do not agree on the order of benefits, this rule is ignored. Coverage provided an individual as a retired worker and as a dependent of an actively working spouse will be determined under the rule labeled D.1.

4. Continuation coverage. If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another Coverage Plan, the Coverage Plan covering the person as an employee, member, subscriber or retiree (or as that person's dependent) is primary, and the continuation coverage is secondary. If the other Coverage Plan does not have this rule, and if, as a result, the Coverage Plans do not agree on the order of benefits, this rule is ignored.
 5. Longer or shorter length of coverage. The Coverage Plan that covered the person as an employee, member, subscriber or retiree longer is primary.
 6. If a husband or wife is covered under this Coverage Plan as a Participant and as an Enrolled Dependent, the dependent benefits will be coordinated as if they were provided under another Coverage Plan, this means the Participant's benefit will pay first.
 7. If the preceding rules do not determine the Primary Coverage Plan, the Allowable Expenses shall be shared equally between the Coverage Plans meeting the definition of Coverage Plan under this provision. In addition, this Coverage Plan will not pay more than it would have paid had it been primary.
- E. A group or individual automobile contract that provides medical, no-fault or personal injury protection benefits or a homeowner's policy that provides medical benefits coverage shall provide primary coverage.

Effect on the Benefits of this Plan

- A. When this Coverage Plan is secondary, it may reduce its benefits by the total amount of benefits paid or provided by all Coverage Plans Primary to this Coverage Plan. As each claim is submitted, this Coverage Plan will:
1. Determine its obligation to pay or provide benefits under its contract;
 2. Determine the difference between the benefit payments that this Coverage Plan would have paid had it been the Primary Coverage Plan and the benefit payments paid or provided by all Coverage Plans Primary to this Coverage Plan.
- If there is a difference, this Coverage Plan will pay that amount. Benefits paid or provided by this Coverage Plan plus those of Coverage Plans primary to this Coverage Plan may be less than 100 percent of total Allowable Expenses.
- B. If a Covered Person is enrolled in two or more closed panel Coverage Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one closed panel Coverage Plan, COB shall not apply between that Coverage Plan and other closed panel Coverage Plans.
- C. This Coverage Plan reduces its benefits as described below for Covered Persons who are eligible for Medicare when Medicare would be the Primary Coverage Plan.

Medicare benefits are determined as if the full amount that would have been payable under Medicare was actually paid under Medicare, even if:

- The person is entitled but not enrolled for Medicare. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.

To continue reading, go to left column on next page.

- The person is enrolled in a Medicare Advantage (Medicare Part C) plan and receives non-covered services because the person did not follow all rules of that plan. Medicare benefits are determined as if the services were covered under Medicare Parts A and B.
- The person receives services from a provider who has elected to opt-out of Medicare. Medicare benefits are determined as if the services were covered under Medicare Parts A and B and the provider had agreed to limit charges to the amount of charges allowed under Medicare rules.
- The services are provided in any facility that is not eligible for Medicare reimbursements, including a Veterans Administration facility, facility of the Uniformed Services, or other facility of the federal government. Medicare benefits are determined as if the services were provided by a facility that is eligible for reimbursement under Medicare.
- The person is enrolled under a plan with a Medicare Medical Savings Account. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Coverage Plan and other Coverage Plans. The Plan Administrator may get the facts it needs from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Coverage Plan and other Coverage Plans covering the person claiming benefits.

The Plan Administrator need not tell, or get the consent of, any person to do this. Each person claiming benefits under this Coverage

To continue reading, go to right column on this page.

Plan must give us any facts we need to apply those rules and determine benefits payable. If you do not provide us the information we need to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Payments Made

A payment made under another Coverage Plan may include an amount that should have been paid under this Coverage Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under this Coverage Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

Section 8: When Coverage Ends

An Enrolled Dependent's coverage ends on the date the Participant's coverage ends.

This section provides you with information about all of the following:

- Events that cause coverage to end.
- The date your coverage ends.
- Extended coverage.
- Continuation of coverage under federal law (COBRA).

General Information about When Coverage Ends

We may discontinue this benefit Plan and/or all similar benefit plans at any time.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, we will still pay claims for Covered Health Services that you received before your coverage ended. However, once your coverage ends, we do not provide Benefits for health services that you receive for medical conditions that occurred before your coverage ended, even if the underlying medical condition occurred before your coverage ended.

Events Ending Your Coverage

Coverage ends on the earliest of the dates specified in the following table:

Ending Event	What Happens
The Entire Plan Ends	Your coverage ends on the date the Plan ends. We are responsible for notifying you that your coverage has ended.
You Are No Longer Eligible	Your coverage ends on the last day of the calendar month in which you are no longer eligible to be a Participant or Enrolled Dependent. Please refer to (Section 10: Glossary of Defined Terms) for a more complete definition of the terms "Eligible Person", "Participant", "Dependent" and "Enrolled Dependent".
The Claims Administrator Receives Notice to End Coverage	Your coverage ends on the last day of the calendar month in which the Claims Administrator receives written notice from us instructing the Claims Administrator to end your coverage, or the date requested in the notice, if later.
Participant Retires or Is Pensioned	<p>Your coverage ends the last day of the calendar month in which the Participant is retired or pensioned under the Plan. We are responsible for providing written notice to the Claims Administrator to end your coverage.</p> <p>This provision applies unless we designate a specific coverage classification for retired or pensioned persons, and only if the Participant continues to meet any applicable eligibility requirements. We can provide you with specific information about what coverage is available for retirees.</p>

Other Events Ending Your Coverage

When any of the following happen, we will provide written notice to the Participant that coverage has ended on the date the Plan Administrator identifies in the notice:

Ending Event	What Happens
Fraud, Misrepresentation or False Information	Fraud or misrepresentation, or because the Participant knowingly gave us or the Claims Administrator false material information. Examples include false information relating to another person's eligibility or status as a Dependent. During the first two years the Plan is in effect, we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the Plan. After the first two years, we can only demand that you pay back these Benefits if the written application contained a fraudulent misstatement.
Material Violation	There was a material violation of the terms of the Plan.
Improper Use of ID Card	You permitted an unauthorized person to use your ID card, or you used another person's card.
Failure to Pay	You failed to pay a required contribution.
Threatening Behavior	You committed acts of physical or verbal abuse that pose a threat to our staff, the Claims Administrator's staff, a provider, or other Covered Persons.

Coverage for a Handicapped Child

Coverage for an unmarried Enrolled Dependent child who is not able to be self-supporting because of mental retardation or a physical handicap will not end just because the child has reached a certain age. We will extend the coverage for that child beyond the limiting age if both of the following are true regarding the Enrolled Dependent child:

- Is not able to be self-supporting because of mental retardation or physical handicap.
- Depends mainly on the Participant for support.

Coverage will continue as long as the Enrolled Dependent is incapacitated and dependent unless coverage is otherwise terminated in accordance with the terms of the Plan.

We will ask you to furnish the Claims Administrator with proof of the child's incapacity and dependency within 31 days of the date coverage would otherwise have ended because the child reached a certain age. Before the Claims Administrator agrees to this extension of coverage for the child, the Claims Administrator may require that a Physician chosen by us examine the child. We will pay for that examination.

The Claims Administrator may continue to ask you for proof that the child continues to meet these conditions of incapacity and dependency. Such proof might include medical examinations at our expense. However, we will not ask for this information more than once a year.

If you do not provide proof of the child's incapacity and dependency within 31 days of the Claims Administrator's request as described above, coverage for that child will end.

Extended Coverage for Total Disability

Coverage for a Covered Person who is Totally Disabled on the date coverage under the Plan would otherwise terminate will not end automatically. We will temporarily extend the coverage, only for treatment of the condition causing the Total Disability. Benefits will be paid until the earlier of either of the following:

- The Total Disability ends.
- 3 months from the date coverage would have otherwise ended.

Continuation of Coverage

If your coverage ends under the Plan, you may be entitled to elect continuation coverage (coverage that continues on in some form) in accordance with federal law.

Continuation coverage under COBRA (the federal Consolidated Omnibus Budget Reconciliation Act) is available only to Plans that are subject to the terms of COBRA. You can contact your Plan Administrator to determine if we are subject to the provisions of COBRA.

If you selected continuation coverage under a prior plan which was then replaced by coverage under this Plan, continuation coverage will end as scheduled under the prior plan or in accordance with the terminating events listed below, whichever is earlier.

Continuation Coverage under Federal Law (COBRA)

Much of the language in this section comes from the federal law that governs continuation coverage. You should call your Plan Administrator if you have questions about your right to continue coverage.

To continue reading, go to left column on next page.

In order to be eligible for continuation coverage under federal law, you must meet the definition of a "Qualified Beneficiary". A Qualified Beneficiary is any of the following persons who was covered under the Plan on the day before a qualifying event:

- A Participant.
- A Participant's Enrolled Dependent, including with respect to the Participant's children, a child born to or placed for adoption with the Participant during a period of continuation coverage under federal law.
- A Participant's former spouse.

Qualifying Events for Continuation Coverage under Federal Law (COBRA)

If the coverage of a Qualified Beneficiary would ordinarily terminate due to one of the following qualifying events, then the Qualified Beneficiary is entitled to continue coverage. The Qualified Beneficiary is entitled to elect the same coverage that she or he had on the day before the qualifying event.

The qualifying events with respect to an employee who is a Qualified Beneficiary are:

- A. Termination of employment, for any reason other than gross misconduct.
- B. Reduction in the Participant's hours of employment.

With respect to a Participant's spouse or dependent child who is a Qualified Beneficiary, the qualifying events are:

- A. Termination of the Participant's employment (for reasons other than the Participant's gross misconduct).
- B. Reduction in the Participant's hours of employment.

To continue reading, go to right column on this page.

- C. Death of the Participant.
- D. Divorce or legal separation of the Participant.
- E. Loss of eligibility by an Enrolled Dependent who is a child.
- F. Entitlement of the Participant to Medicare benefits.
- G. The Plan Sponsor's commencement of a bankruptcy under Title 11, United States Code. This is also a qualifying event for any retired Participant and his or her Enrolled Dependents if there is a substantial elimination of coverage within one year before or after the date the bankruptcy was filed.

Notification Requirements and Election Period for Continuation Coverage under Federal Law (COBRA)

Notification Requirements for Qualifying Event

The Participant or other Qualified Beneficiary must notify the Plan Administrator within 60 days of the latest of the date of the following events:

- The Participant's divorce or legal separation, or an Enrolled Dependent's loss of eligibility as an Enrolled Dependent.
- The date the Qualified Beneficiary would lose coverage under the Plan.
- The date on which the Qualified Beneficiary is informed of his or her obligation to provide notice and the procedures for providing such notice.

The Participant or other Qualified Beneficiary must also notify the Plan Administrator when a second qualifying event occurs, which may extend continuation coverage.

To continue reading, go to left column on next page.

If the Participant or other Qualified Beneficiary fails to notify the Plan Administrator of these events within the 60 day period, the Plan Administrator is not obligated to provide continued coverage to the affected Qualified Beneficiary. If a Participant is continuing coverage under federal law, the Participant must notify the Plan Administrator within 60 days of the birth or adoption of a child.

Notification Requirements for Disability Determination or Change in Disability Status

The Participant or other Qualified Beneficiary must notify the Plan Administrator as described under "Terminating Events for Continuation Coverage under Federal Law (COBRA)," subsection A. below.

The notice requirements will be satisfied by providing written notice to the Plan Administrator at the address stated in Attachment II to this Summary Plan Description. The contents of the notice must be such that the Plan Administrator is able to determine the covered employee and Qualified Beneficiary or Qualified Beneficiaries, the qualifying event or disability, and the date on which the qualifying event occurred.

None of the above notice requirements will be enforced if the Participant or other Qualified Beneficiary is not informed of his or her obligations to provide such notice.

After providing notice to the Plan Administrator, the Qualified Beneficiary shall receive the continuation coverage and election notice. Continuation coverage must be elected by the later of 60 days after the qualifying event occurs; or 60 days after the Qualified Beneficiary receives notice of the continuation right from the Plan Administrator.

To continue reading, go to right column on this page.

The Qualified Beneficiary's initial premium due to the Plan Administrator must be paid on or before the 45th day after electing continuation.

The Trade Act of 2002 amended COBRA to provide for a special second 60-day COBRA election period for certain Participants who have experienced a termination or reduction of hours and who lose group health plan coverage as a result. The special second COBRA election period is available only to a very limited group of individuals: generally, those who are receiving trade adjustment assistance (TAA) or 'alternative trade adjustment assistance' under a federal law called the Trade Act of 1974. These Participants are entitled to a second opportunity to elect COBRA coverage for themselves and certain family members (if they did not already elect COBRA coverage), but only within a limited period of 60 days from the first day of the month when an individual begins receiving TAA (or would be eligible to receive TAA but for the requirement that unemployment benefits be exhausted) and only during the six months immediately after their group health plan coverage ended.

If a Participant qualifies or may qualify for assistance under the Trade Act of 1974, he or she should contact the Plan Administrator for additional information. The Participant must contact the Plan Administrator promptly after qualifying for assistance under the Trade Act of 1974 or the Participant will lose his or her special COBRA rights. COBRA coverage elected during the special second election period is not retroactive to the date that Plan coverage was lost, but begins on the first day of the special second election period.

Terminating Events for Continuation Coverage under Federal Law (COBRA)

Continuation under the Plan will end on the earliest of the following dates:

To continue reading, go to left column on next page.

- A. Eighteen months from the date of the qualifying event, if the Qualified Beneficiary's coverage would have ended because the Participant's employment was terminated or hours were reduced (i.e., qualifying events A and B).

If a Qualified Beneficiary is determined to have been disabled under the Social Security Act at any time within the first 60 days of continuation coverage for qualifying event A or B, then the Qualified Beneficiary may elect an additional eleven months of continuation coverage (for a total of twenty-nine months of continued coverage) subject to the following conditions:

- Notice of such disability must be provided within the latest of 60 days after:
 - ◆ the determination of the disability; or
 - ◆ the date of the qualifying event; or
 - ◆ the date the Qualified Beneficiary would lose coverage under the Plan; and
 - ◆ in no event later than the end of the first eighteen months.
- The Qualified Beneficiary must agree to pay any increase in the required premium for the additional eleven months.
- If the Qualified Beneficiary who is entitled to the eleven months of coverage has non-disabled family members who are also Qualified Beneficiaries, then those non-disabled Qualified Beneficiaries are also entitled to the additional eleven months of continuation coverage.

Notice of any final determination that the Qualified Beneficiary is no longer disabled must be provided within 30 days of such determination. Thereafter, continuation coverage may be terminated on the first day of the month that begins more than 30 days after the date of that determination.

To continue reading, go to right column on this page.

- B. Thirty-six months from the date of the qualifying event for an Enrolled Dependent whose coverage ended because of the death of the Participant, divorce or legal separation of the Participant, or loss of eligibility by an Enrolled Dependent who is a child (i.e. qualifying events C, D, or E).

- C. With respect to Qualified Beneficiaries, and to the extent that the Participant was entitled to Medicare prior to the qualifying event:
- Eighteen months from the date of the Participant's Medicare entitlement; or
 - Thirty-six months from the date of the Participant's Medicare entitlement, if a second qualifying event (that was due to either the Participant's termination of employment or the Participant's work hours being reduced) occurs prior to the expiration of the eighteen months.

- D. With respect to Qualified Beneficiaries, and to the extent that the Participant became entitled to Medicare subsequent to the qualifying event:
- Thirty-six months from the date of the Participant's termination from employment or work hours being reduced (first qualifying event) if:
 - ◆ The Participant's Medicare entitlement occurs within the eighteen month continuation period; and
 - ◆ Absent the first qualifying event, the Medicare entitlement would have resulted in a loss of coverage for the Qualified Beneficiary under the group health plan.

- E. The date coverage terminates under the Plan for failure to make timely payment of the premium.

- F. The date, after electing continuation coverage, that coverage is first obtained under any other group health plan. If such coverage contains a limitation or exclusion with respect to any pre-existing condition, continuation shall end on the date such

limitation or exclusion ends. The other group health coverage shall be primary for all health services except those health services that are subject to the pre-existing condition limitation or exclusion.

- G. The date, after electing continuation coverage, that the Qualified Beneficiary first becomes entitled to Medicare, except that this shall not apply in the event that coverage was terminated because the Plan Sponsor filed for bankruptcy, (i.e. qualifying event G). If the Qualified Beneficiary was entitled to continuation because the Plan Sponsor filed for bankruptcy, (i.e. qualifying event G) and the retired Participant dies during the continuation period, then the other Qualified Beneficiaries shall be entitled to continue coverage for thirty-six months from the date of the Participant's death.
- H. The date the entire Plan ends.
- I. The date coverage would otherwise terminate under the Plan as described in this section under the heading *Events Ending Your Coverage*.

Section 9: General Legal Provisions

This section provides you with information about:

- General legal provisions concerning the Plan.

Plan Document

This Summary Plan Description presents an overview of your Benefits. In the event of any discrepancy between this Summary Plan Description and the official Plan Document, the Plan Document shall govern.

Relationship with Providers

The relationships between us, the Claims Administrator, and Network providers are solely contractual relationships between independent contractors. Network providers are not our agents or employees. Nor are they agents or employees of the Claims Administrator. Neither we nor any of our employees are agents or employees of Network providers.

We do not provide health care services or supplies, nor do we practice medicine. Instead, we pay Benefits. Network providers are independent practitioners who run their own offices and facilities. The credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided. Network providers are not our employees or employees of the Claims Administrator; nor do we

have any other relationship with Network providers such as principal-agent or joint venture. Neither we nor the Claims Administrator are liable for any act or omission of any provider.

The Claims Administrator is not considered to be an employer of the Plan Administrator for any purpose with respect to the administration or provision of benefits under this Plan.

We and the Plan Administrator are solely responsible for all of the following:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of Benefits.
- Notifying you of the termination or modifications to the Plan.

Your Relationship with Providers

The relationship between you and any provider is that of provider and patient.

- You are responsible for choosing your own provider.
- You must decide if any provider treating you is right for you. This includes Network providers you choose and providers to whom you have been referred.
- You must decide with your provider what care you should receive.
- Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and us is that of employer and employee, Dependent or other classification as defined in the Plan.

To continue reading, go to left column on next page.

Incentives to Providers

The Claims Administrator pays Network providers through various types of contractual arrangements, some of which may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction, and/or cost effectiveness.
- Capitation - a group of Network providers receives a monthly payment for each Covered Person who selects a Network provider within the group to perform or coordinate certain health services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.

The methods used to pay specific Network providers may vary. From time to time, the payment method may change. If you have questions about whether your Network provider's contract includes any financial incentives, we encourage you to discuss those questions with your provider. You may also contact the Claims Administrator at the telephone number on your ID card. They can advise whether your Network provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed.

Incentives to You

Sometimes the Claims Administrator may offer coupons or other incentives to encourage you to participate in various wellness programs or certain disease management programs. The decision

about whether or not to participate is yours alone but we recommend that you discuss participating in such programs with your Physician. These incentives are not Benefits and do not alter or affect your Benefits. Contact the Claims Administrator if you have any questions.

Rebates and Other Payments

We and the Claims Administrator may receive rebates for certain drugs that are administered to you in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet your Annual Deductible. We and the Claims Administrator do not pass these rebates on to you, nor are they applied to your Annual Deductible or taken into account in determining your Copayments.

Interpretation of Benefits

We and the Claims Administrator have sole and exclusive discretion to do all of the following:

- Interpret Benefits under the Plan.
- Interpret the other terms, conditions, limitations and exclusions of the Plan, including this SPD and any Riders and Amendments.
- Make factual determinations related to the Plan and its Benefits.

We and the Claims Administrator may delegate this discretionary authority to other persons or entities who provide services in regard to the administration of the Plan.

In certain circumstances, for purposes of overall cost savings or efficiency, we may, in our sole discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that

we do so in any particular case shall not in any way be deemed to require us to do so in other similar cases.

Administrative Services

We may, in our sole discretion, arrange for various persons or entities to provide administrative services in regard to the Plan, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time in our sole discretion. We are not required to give you prior notice of any such change, nor are we required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

Amendments to the Plan

We reserve the right, in our sole discretion and without your approval, to change, interpret, modify, withdraw or add Benefits or terminate the Plan. Plan Amendments and Riders are effective on the date we specify.

Any provision of the Plan which, on its effective date, is in conflict with the requirements of federal statutes or regulations, or applicable state law provisions not otherwise preempted by ERISA (of the jurisdiction in which the Plan is delivered) is hereby amended to conform to the minimum requirements of such statutes and regulations.

Any change or amendment to or termination of the Plan, its benefits or its terms and conditions, in whole or in part, shall be made solely in a written amendment (in the case of a change or amendment) or in a written resolution (in the case of a termination), whether prospective or retroactive, to the Plan, in accordance with the procedures established by us. Covered Persons will receive notice of

any material modification to the Plan. No one has the authority to make any oral modification to the SPD.

Clerical Error

If a clerical error or other mistake occurs, that error does not create a right to Benefits. These errors include, but are not limited to, providing misinformation on eligibility or Benefit coverages or entitlements. It is your responsibility to confirm the accuracy of statements made by us or our designees, including the Claims Administrator, in accordance with the terms of this SPD and other Plan documents.

Information and Records

At times we or the Claims Administrator may need additional information from you. You agree to furnish us and/or the Claims Administrator with all information and proofs that we may reasonably require regarding any matters pertaining to the Plan. If you do not provide this information when we request it, we may delay or deny payment of your Benefits.

By accepting Benefits under the Plan, you authorize and direct any person or institution that has provided services to you to furnish us or the Claims Administrator with all information or copies of records relating to the services provided to you. We or the Claims Administrator have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Participant's enrollment form. We and the Claims Administrator agree that such information and records will be considered confidential.

We and the Claims Administrator have the right to release any and all records concerning health care services which are necessary to

implement and administer the terms of the Plan, for appropriate medical review or quality assessment, or as we are required to do by law or regulation. During and after the term of the Plan, we, the Claims Administrator, and our related entities may use and transfer the information gathered under the Plan for research and analytic purposes.

For complete listings of your medical records or billing statements we recommend that you contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from us, we also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, we or the Claims Administrator will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. Such designees have the same rights to this information as the Plan Administrator.

Examination of Covered Persons

In the event of a question or dispute regarding your right to Benefits, we may require that a Physician of our choice examine you at our expense.

Workers' Compensation not Affected

Benefits provided under the Plan do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Medicare Eligibility

Benefits under the Plan are not intended to supplement any coverage provided by Medicare. Nevertheless, in some circumstances Covered Persons who are eligible for or enrolled in Medicare may also be enrolled under the Plan.

If you are eligible for or enrolled in Medicare, please read the following information carefully.

If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under the Plan), you **should** enroll for and maintain coverage under both Medicare Part A and Part B. If you don't enroll and maintain that coverage, and if we are the secondary payer as described in (Section 7: Coordination of Benefits), we will pay Benefits under the Plan as if you were covered under both Medicare Part A and Part B. As a result, you will be responsible for the costs that Medicare would have paid and you will incur a larger out-of-pocket cost.

If you are enrolled in a Medicare Advantage (Medicare Part C) plan on a primary basis (Medicare pays before Benefits under the Plan), you **should** follow all rules of that plan that require you to seek services from that plan's participating providers. When we are the secondary payer, we will pay any Benefits available to you under the Plan as if you had followed all rules of the Medicare Advantage plan. You will be responsible for any additional costs or reduced Benefits that result from your failure to follow these rules, and you will incur a larger out-of-pocket cost.

Subrogation and Reimbursement

The Plan has a right to subrogation and reimbursement, as defined below.

To continue reading, go to left column on next page.

Right to Subrogation

The right to subrogation means the Plan is substituted to any legal claims that you may be entitled to pursue for Benefits that the Plan has paid. Subrogation applies when the Plan has paid Benefits for a Sickness or Injury for which a third party is considered responsible, e.g. an insurance carrier if you are involved in an auto accident.

The Plan shall be subrogated to, and shall succeed to, all rights of recovery from any or all third parties, under any legal theory of any type, for 100 percent of any services and Benefits the Plan has paid on your behalf relating to any Sickness or Injury caused by any third party.

Right to Reimbursement

The right to reimbursement means that if a third party causes a Sickness or Injury for which you receive a settlement, judgment, or other recovery, you must use those proceeds to fully return to the Plan 100% of any Benefits you received for that Sickness or Injury.

Third Parties

The following persons and entities are considered third parties:

- A person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages.
- The Plan Sponsor.
- Any person or entity who is or may be obligated to provide you with benefits or payments under:
 - Underinsured or uninsured motorist insurance.
 - Medical provisions of no-fault or traditional insurance (auto, homeowners or otherwise).
 - Workers' compensation coverage.

To continue reading, go to right column on this page.

- Any other insurance carrier or third party administrator.

Subrogation and Reimbursement Provisions

As a Covered Person, you agree to the following:

- The Plan has a first priority right to receive payment on any claim against a third party before you receive payment from that third party.
- The Plan's subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, and punitive damages. The Plan is not required to help you to pursue your claim for damages or personal injuries, or pay any of your associated costs, including attorneys' fees. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.
- The Plan may enforce its subrogation and reimbursement rights regardless of whether you have been "made whole" (fully compensated for your injuries and damages).
- You will cooperate with the Plan and its agents in a timely manner to protect its legal and equitable rights to subrogation and reimbursement, including, but not limited to:
 - Complying with the terms of this section.
 - Providing any relevant information requested.
 - Signing and/or delivering documents at its request.
 - Appearing at medical examinations and legal proceedings, such as depositions or hearings.
 - Obtaining the Plan's consent before releasing any party from liability or payment of medical expenses.

To continue reading, go to left column on next page.

- If you receive payment as part of a settlement or judgment from any third party as a result of a Sickness or Injury, and the Plan alleges some or all of those funds are due and owed to it, you agree to hold those settlement funds in trust, either in a separate bank account in your name or in your attorney's trust account. You agree that you will serve as a trustee over those funds to the extent of the Benefits the Plan has paid.
- If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you.
- You may not accept any settlement that does not fully reimburse the Plan, without its written approval.
- You will assign to the Plan all rights of recovery against third parties to the extent of Benefits the Plan has provided for a Sickness or Injury caused by a third party.
- The Plan's rights will not be reduced due to your own negligence.
- The Plan may file suit in your name and take appropriate action to assert its rights under this section. The Plan is not required to pay you part of any recovery it may obtain from a third party, even if it files suit in your name.
- The provisions of this section apply to the parents, guardian, or other representative of an Enrolled Dependent child who incurs a Sickness or Injury caused by a third party.
- In case of your wrongful death, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs.
- Your failure to cooperate with the Plan or its agents is considered a breach of contract. As such, the Plan has the right to terminate your Benefits, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of

Benefits the Plan has paid relating to any Sickness or Injury caused by any third party to the extent not recovered by the Plan due to you or your representative not cooperating with the Plan.

- If a third party causes you to suffer a Sickness or Injury while you are covered under this Plan, the provisions of this section continue to apply, even after you are no longer a Covered Person.

Refund of Overpayments

If we pay Benefits for expenses incurred on account of a Covered Person, that Covered Person, or any other person or organization that was paid, must make a refund to us if either of the following apply:

- All or some of the expenses were not paid by the Covered Person or did not legally have to be paid by the Covered Person.
- All or some of the payment we made exceeded the Benefits under the Plan.

The refund equals the amount we paid in excess of the amount we should have paid under the Plan. If the refund is due from another person or organization, the Covered Person agrees to help us get the refund when requested.

If the Covered Person, or any other person or organization that was paid, does not promptly refund the full amount, we may reduce the amount of any future Benefits that are payable under the Plan. The reductions will equal the amount of the required refund. We may have other rights in addition to the right to reduce future benefits.

Limitation of Action

If you want to bring a legal action against us or the Claims Administrator you must do so within three years from the expiration

of the time period in which a request for reimbursement must be submitted, or you lose any rights to bring such an action against us or the Claims Administrator.

You cannot bring any legal action against us or the Claims Administrator for any other reason unless you first complete all the steps in the appeal process described in this document. After completing that process, if you want to bring a legal action against us or the Claims Administrator you must do so within three years of the date you are notified of our final decision on your appeal, or you lose any rights to bring such an action against us or the Claims Administrator.

An Alternate Facility may also provide Mental Health Services or Substance Abuse Services on an outpatient or inpatient basis.

Amendments are subject to all conditions, limitations and exclusions of the Plan, except for those that are specifically amended.

Annual Deductible - the amount you must pay for Covered Health Services in a calendar year before we will begin paying for Benefits in that calendar year.

The actual amount that is applied to the Annual Deductible is calculated on the basis of Eligible Expenses. The Annual Deductible does not include any amount that exceeds Eligible Expenses. See the definition of Eligible Expenses below.

Covered Health Service(s) -those health services provided for the purpose of preventing, diagnosing or treating a Sickness, Injury, Mental Illness, substance abuse, or their symptoms.

A Covered Health Service is a health care service or supply described in (Section 1: What's Covered--Benefits) as a Covered Health Service, which is not excluded under (Section 2: What's Not Covered--Exclusions).

Covered Person - either the Participant or an Enrolled Dependent, but this term applies only while the person is enrolled under the Plan. References to "you" and "your" throughout this SPD are references to a Covered Person.

Custodial Care - services that:

- Are non-health related services, such as assistance in activities of daily living (including but not limited to feeding, dressing, bathing, transferring and ambulating); or
- Are health-related services which do not seek to cure, or which are provided during periods when the medical condition of the patient who requires the service is not changing; or
- Do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

Dependent - the Participant's legal spouse of the opposite sex or an unmarried dependent child of the Participant or the Participant's spouse. The term child includes any of the following:

- A natural child.
- A stepchild.
- A legally adopted child.
- A child placed for adoption.

To continue reading, go to right column on this page.

- A child for whom legal guardianship has been awarded to the Participant or the Participant's spouse.

The definition of Dependent is subject to the following conditions and limitations:

- A Dependent includes an unmarried dependent child who is under 25 years of age. You must furnish evidence upon our request, satisfactory to us, of all the following conditions:
 - The child must not be regularly employed on a full-time basis.
 - The child must be primarily dependent upon the Participant for support and maintenance.

The Participant must reimburse us for any Benefits that we pay for a child at a time when the child did not satisfy these conditions.

A Dependent also includes a child for whom health care coverage is required through a 'Qualified Medical Child Support Order' or other court or administrative order. We are responsible for determining if an order meets the criteria of a Qualified Medical Child Support Order.

A Dependent does not include anyone who is also enrolled as a Participant. No one can be a Dependent of more than one Participant.

Designated Facility - a facility that has entered into an agreement on behalf of the facility and its affiliated staff with the Claims Administrator or with an organization contracting on its behalf to render Covered Health Services for the treatment of specified diseases or conditions. A Designated Facility may or may not be located within your geographic area. The fact that a Hospital is a Network Hospital does not mean that it is a Designated Facility.

Durable Medical Equipment - medical equipment that is all of the following:

- Can withstand repeated use.
- Is used to serve a medical purpose with respect to treatment of a Sickness, Injury or their symptoms.
- Is generally not useful to a person in the absence of a Sickness, Injury or their symptoms.
- Is appropriate for use in the home.

Eligible Expenses - for Covered Health Services incurred while the Plan is in effect, Eligible Expenses are determined as stated below:

- When Covered Health Services are received from Network providers, Eligible Expenses are the contracted fee(s) with that provider.
- When Covered Health Services are received from non-Network providers, Eligible Expenses are determined, at the Claims Administrator's discretion, based on:
 - Available data resources of competitive fees in that geographic area.
 - Fee(s) that are negotiated with the provider.
 - 50% of the billed charge.
 - A fee schedule that the Claims Administrator develops.

Eligible Expenses are determined solely in accordance with the Claims Administrator's reimbursement policy guidelines. The reimbursement policy guidelines are developed, in the Claims Administrator's discretion, following evaluation and validation of all

To continue reading, go to left column on next page.

Experimental or Investigational Services - medical, surgical, diagnostic, psychiatric, substance abuse or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time a determination is made regarding coverage in a particular case, are determined to be any of the following:

- Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use.
- Subject to review and approval by any institutional review board for the proposed use.
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

If you have a life-threatening Sickness or condition (one which is likely to cause death within one year of the request for treatment) we may, in our discretion, determine that an Experimental or Investigational Service meets the definition of a Covered Health Service for that Sickness or condition. For this to take place, we must determine that the procedure or treatment is promising, but unproven, and that the service uses a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

Home Health Agency - a program or organization authorized by law to provide health care services in the home.

Hospital - an institution, operated as required by law, that is both of the following:

- Is primarily engaged in providing health services, on an inpatient basis, for the acute care and treatment of injured or sick individuals. Care is provided through medical, diagnostic and surgical facilities, by or under the supervision of a staff of Physicians.
- Has 24 hour nursing services.

A Hospital is not primarily a place for rest, custodial care or care of the aged and is not a nursing home, convalescent home or similar institution.

Initial Enrollment Period - the initial period of time, as determined by the Plan Administrator, during which Eligible Persons may enroll themselves and their Dependents under the Plan.

Injury - bodily damage other than Sickness, including all related conditions and recurrent symptoms.

Mental Health Services - Covered Health Services for the diagnosis and treatment of Mental Illnesses. The fact that a condition is listed in the current Diagnostic and Statistical Manual of the American Psychiatric Association does not mean that treatment for the condition is a Covered Health Service.

Mental Health/Substance Abuse Designee - the organization or individual, designated by the Claims Administrator, that provides or arranges Mental Health Services and Substance Abuse Services for which Benefits are available under the Plan.

Mental Illness - those mental health or psychiatric diagnostic categories that are listed in the current Diagnostic and Statistical Manual of the American Psychiatric Association, unless those services are specifically excluded under the Plan.

Network - when used to describe a provider of health care services, this means a provider that has a participation agreement in effect (either directly or indirectly) with the Claims Administrator or with the Claims Administrator's affiliate to participate in the Claims Administrator's Network; however, this does not include those providers who have agreed to discount their charges for Covered Health Services by way of their participation in the Shared Savings Program. The Claims Administrator's affiliates are those entities affiliated with them through common ownership or control with the Claims Administrator or with its ultimate corporate parent, including direct and indirect subsidiaries.

A provider may enter into an agreement to provide only certain Covered Health Services, but not all Covered Health Services, or to be a Network provider for only some of the Claims Administrator's products. In this case, the provider will be a Network provider for the Covered Health Services and products included in the participation agreement, and a non-Network provider for other

Covered Health Services and products. The participation status of providers will change from time to time.

Network Benefits - Benefits for Covered Health Services that are provided by a Network Physician or other Network provider. Network Benefits include Emergency Health Services.

Open Enrollment Period - a period of time that follows the Initial Enrollment Period during which Eligible Persons may enroll themselves and Dependents under the Plan, as determined by us.

Out-of-Pocket Maximum - the maximum amount of Copayments you pay every calendar year. Once you reach the Out-of-Pocket Maximum, Benefits for those Covered Health Services that apply to the Out-of-Pocket Maximum are payable at 100% of Eligible Expenses during the rest of that calendar year.

Copayments for some Covered Health Services will never apply to the Out-of-Pocket Maximum, as specified in (Section 1: What's Covered--Benefits) and those Benefits will never be payable at 100% even when the Out-of-Pocket Maximum is reached.

The following costs will never apply to the Out-of-Pocket Maximum:

- Any charges for non-Covered Health Services;
- Copayments for Covered Health Services available by an optional Rider.
- The amount of any reduced Benefits if you don't notify the Claims Administrator as described in (Section 1: What's Covered--Benefits) under the *Must You Notify the Claims Administrator?* column.
- Charges that exceed Eligible Expenses.

To continue reading, go to left column on next page.

- Any Copayments for Covered Health Services in (Section 1: What's Covered--Benefits) that do not apply to the Out-of-Pocket Maximum.
- The Annual Deductible.

Even when the Out-of-Pocket Maximum has been reached, you will still be required to pay:

- Any charges for non-Covered Health Services.
- Charges that exceed Eligible Expenses.
- The amount of any reduced Benefits if you don't notify the Claims Administrator as described in (Section 1: What's Covered--Benefits) under the *Must You Notify the Claims Administrator?* column.
- Copayments for Covered Health Services available by an optional Rider.
- Copayments for Covered Health Services in (Section 1: What's Covered--Benefits) that are subject to Copayments that do not apply to the Out-of-Pocket Maximum.

Participant - an Eligible Person who is properly enrolled under the Plan. The Participant is the person (who is not a Dependent) on whose behalf the Plan is established.

Physician - any Doctor of Medicine, "M.D.", or Doctor of Osteopathy, "D.O.", who is properly licensed and qualified by law.

Please Note: Any podiatrist, dentist, psychologist, chiropractor, optometrist, or other provider who acts within the scope of his or her license will be considered on the same basis as a Physician. The fact that we describe a provider as a Physician does not mean that Benefits for services from that provider are available to you under the Plan.

To continue reading, go to right column on this page.

Plan - PPO Non-Differential Plan for TeamHealth Health Benefit Plan.

Plan Administrator - is TeamHealth or its designee as that term is defined under ERISA.

Plan Sponsor - TeamHealth. References to "we", "us", and "our" throughout the SPD refer to the Plan Sponsor.

Preexisting Condition - A preexisting condition is an injury or Sickness which was diagnosed or treated or for which prescription medications or drugs were prescribed or taken within the three-month period ending on the person's Enrollment Date. A preexisting condition does not include pregnancy. Genetic information is not an indicator of a preexisting condition if there is not a diagnosis of a condition related to the genetic information.

Continuous Creditable Coverage. – Continuous creditable coverage is health care coverage under any of the types of plans listed below, during which there was a lapse in coverage of no more than 64 days.

- A group health plan.
- Health insurance coverage.
- Medicare.
- Medicaid.
- Medical and dental care for members and certain former members of the uniformed services and their dependents.
- The Federal Employees Health Benefits Program.
- A medical care program of the Indian Health Services or of a tribal organization.
- A state health benefits risk pool.
- A health benefit plan under the Peace Corps Act.

To continue reading, go to left column on next page.

- Any public health benefit program provided by a state, county or other political subdivision of a state.

A Covered Person can show the Employer the length of Continuous Creditable Coverage in order to either shorten or eliminate the time period during which the preexisting condition exclusion applies. Any or all of the plans that provided prior coverage must give the Covered Person a certificate of creditable coverage. If necessary, the Employer will help in obtaining this certificate of creditable coverage from a prior plan.

Pregnancy - includes all of the following:

- Prenatal care.
- Postnatal care.
- Childbirth.
- Any complications associated with Pregnancy.

Rider - any attached written description of additional Covered Health Services not described in this SPD. Riders are effective only when signed by us and are subject to all conditions, limitations and exclusions of the Plan except for those that are specifically amended in the Rider.

Semi-private Room - a room with two or more beds. When an Inpatient Stay in a Semi-private Room is a Covered Health Service, the difference in cost between a Semi-private Room and a private room is a Benefit only when a private room is necessary in terms of generally accepted medical practice, or when a Semi-private Room is not available.

Shared Savings Program - the Shared Savings Program provides access to discounts from the provider's charges when services are rendered by those non-Network providers that participate in that

program. The Claims Administrator will use the Shared Savings Program to pay claims when doing so will lower Eligible Expenses. The Claims Administrator does not credential the Shared Savings Program providers and the Shared Savings Program providers are not Network providers. When the Claims Administrator uses the Shared Savings Program to pay a claim, patient responsibility is limited to Copayments calculated on the contracted rate paid to the provider, in addition to any required Annual Deductible.

Sickness - physical illness, disease or Pregnancy. The term Sickness as used in this SPD does not include Mental Illness or substance abuse, regardless of the cause or origin of the Mental Illness or substance abuse.

Skilled Nursing Facility - a Hospital or nursing facility that is licensed and operated as required by law.

Spinal Treatment - detection or correction (by manual or mechanical means) of subluxation(s) in the body to remove nerve interference or its effects. The interference must be the result of, or related to, distortion, misalignment or subluxation of, or in, the vertebral column.

Substance Abuse Services - Covered Health Services for the diagnosis and treatment of alcoholism and substance abuse disorders that are listed in the current Diagnostic and Statistical Manual of the American Psychiatric Association, unless those services are specifically excluded. The fact that a disorder is listed in the Diagnostic and Statistical Manual of the American Psychiatric Association does not mean that treatment of the disorder is a Covered Health Service.

Total Disability or Totally Disabled - a Participant's inability to perform all of the substantial and material duties of his or her regular employment or occupation; and a Dependent's inability to perform the normal activities of a person of like age and sex.

To continue reading, go to left column on next page.

Unproven Services - services that are not consistent with conclusions of prevailing medical research which demonstrate that the health service has a beneficial effect on health outcomes and that are not based on trials that meet either of the following designs.

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- Well-conducted cohort studies. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

Decisions about whether to cover new technologies, procedures and treatments will be consistent with conclusions of prevailing medical research, based on well-conducted randomized trials or cohort studies, as described.

If you have a life-threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment) we and the Claims Administrator may, in our discretion, determine that an Unproven Service meets the definition of a Covered Health Service for that Sickness or condition. For this to take place, we and the Claims Administrator must determine that the procedure or treatment is promising, but unproven, and that the service uses a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

Urgent Care Center - a facility, other than a Hospital, that provides Covered Health Services that are required to prevent serious deterioration of your health, and that are required as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

As required by the Women's Health and Cancer Rights Act of 1998, we provide Benefits under the Plan for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Services (including Copayments and any Annual Deductible) are the same as are required for any other Covered Health Service. Limitations on Benefits are the same as for any other Covered Health Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Group health plans and health insurance issuers generally may not, under federal law, restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the Plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

You or your dependents may have to pay for such coverage. Review this Summary Plan Description and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

Reduction or elimination of exclusionary periods of coverage for preexisting conditions under your group health plan, if you have creditable coverage from another group health plan. "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of you and other Plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules. Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the Plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to \$110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the Plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in federal court. If it should happen that Plan fiduciaries misuse the Plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.
